## SUMMARY

Frontend Web Developer with over 3 years of hands-on experience designing, developing, and implementing applications and solutions using a range of technologies and programming languages.

## EXPERIENCE

**Frontend Developer.**
**Zummit Africa, Lagos.**
**May, 2022 – August, 2023**
- Collaborated on implementing a payment gateway for Zummit Academy's online portal, allowing students to conveniently pay their tutorial fees securely and efficiently.
- Designed and developed an admin portal for Zummit Academy, providing executives with real-time insights into user activity, API usage, and endpoint creation, enhancing overall management and decision-making processes.
- Contributed to the development of features on the Zummit Africa internal web application, including login and signup functionalities, documentation pages, and other user-centric features to improve overall user experience.
- Improved and worked on existing codebases and improved overall functionality
- Participated in code reviews and gave constructive feedbacks to team members.

**Intern Frontend Developer.**
**Belrald Technologies**
**May, 2022 – August, 2023**
- Collaborated with other frontend developers in building a study pack and organizing bi-weekly study reviews among ourselves
- Contributed to the growth of other developers by partaking in code reviews and meet calls to help resolve blockers.
- Build real-time applications that are efficient, scalable, maintainable, extensible, and testable.
- Improved and worked on the existing code-base and effectively managed software functionality
